

Supply list for Drawing CLass

Pencils (just regular pencils) (A set of drawing pencils is nice to have as the different sizes give you more choices with line and value but it isn't necessary.)

Drawing paper

Tracing paper

Eraser

If you like to work with color you might want a set of colored pencils. These are not required.

If you have pastels, you might choose to use those as well for a project. They are not required.

I usually have a pen and ink project or a scratchboard project for each term. We'll talk about it during the first class.

I like to use bristol paper for my colored pencil and pen and ink drawings as it is heavier paper. I will also talk about this during the first class.
